

## Bishop Leonard -St Mary of the Mount Athletic Department

Dear Families of Bishop Leonard- St Mary of the Mount Academy;

The Athletic Association is interested in getting Primary numbers of students who are seriously interested in participating in our athletic program for the 2009 - 2010 school year. We use the word serious because participating in athletics takes a commitment of time, energy and dedication. An athletic family commitment means:

- Attending ALL practices.
- Attending ALL games.
- Showing up on time for practices and games.
- A strong work ethic at all times.
- Parents work the concession stand during scheduled times.
- Maintain good grades.
- Maintaining appropriate behavior.
- Understanding his / her role on the team.
- Participating in athletic fund -raisers.
- A positive attitude.
- Being a TEAM Player.
- And Much, Much More.....

If you believe that you and your child are willing to make this commitment, please sign the Parent Involvement Form and the Code of Conduct.

---

### Parent Involvement Form

While the school provides the opportunity for our child to participate in competitive sports by establishing the program and providing the coaches, we the parents realize it is important to take an active role in the extra - curricular program in which our child is involved. We understand that we are to take responsibility in the following:

- Providing transportation; for our son / daughter to and from practices and games.
- Work concession stand when assigned.
- Participate in the fund - raisers established by the Athletic Association.
- Cooperating with the school administrators and coaching staff in helping to make Athletics an integral part of the educational process of our son / daughter.

We understand the above criteria and will abide by the rules established by Bishop Leonard - St Mary of the Mount Academy Catholic School.
